(57) Scope of Utility Model Registration Claims:

Claim 1.

A mascara lever and container wherein, an application brush 3 attached to the end of a linear applicator 2 with a cap 1 is formed to be slightly tilted relative to the applicator 2.

Claim 2.

A mascara lever and container according to Claim 1, wherein, an application brush 3 attached to the end of a linear applicator 2 with a cap 1 is formed to be slightly tilted relative to the applicator 2. Concurrently, the container is formed by fitting a small cap 6, which has an elliptical shape insertion opening 5, into an aperture 4 of the container where the applicator [2] is inserted.

4. BRIEF EXPLANATION OF THE DRAWINGS:

Fig. 1 is a perspective view of a mascara applicator for the present utility model; Fig. 2 is an exploded perspective view of the container for the present utility model; Fig. 3 is a top view of said container; Fig. 4 is a portion cutway longitudinal cross sectional view along the A - A line in Fig. 3; and Fig. 5 is a diagram that shows the use state.
